

Kogan 46" Full HD LED TV

Whether it be for digital signage, or for use in multimedia labs, music rooms, computer labs and so on, the modern school uses a significant number of televisions across a wide variety of departments and purposes. As a result, many schools are faced with the challenge of having to find good quality, reliable display panels at an affordable price. Australian based online retailer Kogan has a range of products at prices sure to appeal to education institutions. Their latest LED TV features a 46" (117cm), High Definition panel (1920 X 1080) ensuring crystal clear TV. This panel also features a state-of-the-art, 100Hz refresh rate teamed with Kogan's MotionMax technology, giving you a smooth, blur-free picture with life-like detail. A built-in PVR (Personal Video Recorder) function lets you pause, rewind and record TV directly to any USB plug and play flash drive or powered hard drive! This stylish panel also features SRS

TruSurround HD™ sound, which creates an immersive, feature-rich surround sound experience from just two speakers, complete with rich bass, high frequency detail and clear dialog. Students can also watch all of the extra digital TV channels, such as the new ABC News 24, ABC2, ABC3, 7mate, 7TWO, GEM, Go!, One HD, 11, SBS HD, SBS Two and the very latest Freeview channels, without the need for an additional set top box thanks to a built in HD digital tuner.

At just \$929, with a 12month warranty, how can you go wrong?
